## Choose Your Adventure

We are activists, builders, dreamers, and doers. Here at the University of Utah, we thrive by putting dreams into action. Our engaging programs, enthusiastic students, experienced faculty, and buzzing campus life are the building blocks of soaring ambitions and even bigger aspirations.

### DIVERSITY = EDUCATIONAL EXCELLENCE

The University of Utah's campus-wide diversity initiatives contribute to a richer overall campus climate, attract academic and professional talent, and strengthen the U's ability to educate the next generation of leaders. We believe that diversity—racial, religious, ethnic, and beyond—is essential to enriching cross-cultural intellectual discourse and instilling compassion in and out of the classroom. All members of the Utah community are valued and respected.

### A LAND OF BUSINESS OPPORTUNITY

Utah is fertile ground for new business owners and entrepreneurs alike. With the Salt Lake City area home to Adobe, eBay, Goldman Sachs, IM Flash, and Overstock, it's no surprise that Forbes Magazine recently ranked Utah the #1 state in the United States for business.

### FULL OF OUTDOOR ADVENTURE

Mountain hiking, bike trails, and beautiful scenery make Salt Lake City a gorgeous place to work and play. With five national parks within a five-hour drive from campus, five world-class ski resorts within a 45-minute drive, and hundreds of miles of hiking and biking trails that can be accessed just to the east of campus, Utah urges you to seek out your inner adventurer.

### NORA A.

METALLURGICAL ENGINEERING—CLASS OF 2017  
HOMETOWN: KUWAIT CITY, KUWAIT

“My siblings attended the U and had wonderful memories here, which is how I knew I’d made the right decision.

A highlight of my time at the U is my involvement with the Moran Eye Center Global Outreach Team. We travel monthly to the Navajo Reservation and provide ophthalmology services to the Navajo Nation.

The U is a perfect combination of a great education, outdoor adventures, and campus involvement. If you’re looking for that balance, then the U is the right place for you.”

### FLEXIBLE COURSE SELECTION AND REGISTRATION

We'll help you select and register for the courses you need. During your first year at the University of Utah, you have the opportunity to explore different majors and find the best program for you. We understand that every student has individual needs, and we are dedicated to giving you the personalized attention you require.

Asking questions, expressing opinions, and engaging in open discussion with your professors and classmates are strongly encouraged and promote a higher level of learning.

### CAREER PREPARATION

Learn to use classroom knowledge in the real world and turn your degree into your life's work. We connect students to nearly 1,000 internships each year. The Career Accelerator program is designed to help international students enhance their employability. You may even find a job or internship opportunity on campus.
